

RTS Series Sliding Rack Mount Cabinet Part # RTS24B

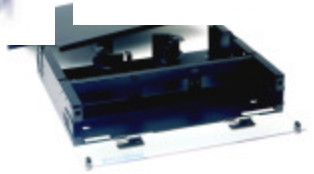

Superior Modular Products introduces a sliding rack mount cabinet into their Fiber Opticx™ product line. The new cabinet features 24 and 48 port fiber optic capabilities and the installation convenience of a sliding tray that operates forward and backward. This cabinet is a strong, durable, high density, patch & splice solution, ideal for easy access. As with all SMP products, this cabinet is backed with a 15 year warranty.

FEATURES/BENEFITS:

- ◆ 2U Rack Space
- ◆ 16 gauge steel construction
- ◆ Front and Rear Sliding Tray
- ◆ Open top access
- ◆ Rear locking feature

FIBEROPTICX™
